Career Orientated Vocational Degree Courses (B.Voc)

After completing Standard XII, students have the option of higher studies that go beyond the conventional arts, commerce and science courses.

University Grants Commission (UGC) has set the ball rolling for the introduction of a three-year bachelor of vocation (B.Voc) degree course at recognized colleges and universities across the country. With a focus on raising employability of graduates and meeting the industry's requirement for ready-to-work students, this course seeks to provide skill and specialization in different vocations. It will have a multiple-exit provision - a diploma at the end of the first year and an advanced diploma after two years. It organizes qualifications based on levels of knowledge, skill and aptitude. This would enable the graduates completing B. Voc. to make a meaningful participation.

These courses would enable the graduates to make a meaningful participation in accelerating India's economy by gaining appropriate employment, becoming entrepreneurs and creating appropriate knowledge.

1. B.VOC. (Food Processing Technology) 2. B. Voc. (Multimedia And Animation)
3. B. Voc. (Hospitality & Tourism) 4. B.Voc. (Organic Agriculture) 5. B.Voc. (Pharmaceutical Chemistry) 6. B.Voc. (Entrepreneurship Development & Retail Management) & M.VOC. (Food Processing Technology).
