3. The Inter-library loan staff of the Borrowing library should be well conversant and different bibliographic tools and services.
4. The Borrowing library should make its users aware of the purpose of Inter-library loan and of the library's inter-library borrowing policy.
5. The Borrowing library should inform its user of the applicable portion of the copy right law to avoid complications in future. An undertaking of compliance must be provided with each request.
6. Requested material must be provided with its complete and accurate bibliographic citation for easy and quick identification. For the purpose, the Borrowing library should follow an agreed standard.
7. For all requests standard Inter-library loan formats designed for the purpose must be used.
8. The borrowing library should screen carefully all applications for loans, rejecting those which do not conform to this code.
9. The Borrowing library should not depend on another library to supply the usual needs of its clientele. It should take the responsibility of developing its own collection to meet the educational instructional, informational and research needs of its users.
10. The Borrowing library is responsible for the safety of the borrowed items from the time the item is received by the Borrowing library till it reaches the lending library.
11. Copying of the borrowed document is allowed provided that it is in accordance with the copyright law and no damage is done to the document. However, copying of manuscripts and theses etc. should not be done without the written permission of the lending library.
12. The borrowing library should encourage its user to travel to other libraries when extensive use of a collection is required by providing whatever help possible.
13. The librarian or Inter-library loan staff of the Borrowing library should have an interview with the requester to confirm whether he or she wants the entire document or a part of it. If he is interested in small part of the document a photo copy of the same may be requested from the lending library. The time and money for sending the whole document will thus be saved.
14. The Borrowing library must acknowledge the receipt of the items immediately as they are received.
15. The Borrowing library should keep the statistic of Inter-library loan using a standard register designed for the purpose.

16. The borrowed items should be consulted in the premises of the Borrowing library to ensure safety of the items.
17. The borrowing library should be very punctual in returning the document within the specified time. In general cases, requests for renewal may be avoided as far as possible.
18. As soon as the borrowed item is received the requester is to be informed immediately.
19. If a document is requested several times, it is better to purchase the document.
20. Users surveys should be conducted by the Borrowing Library periodically to evaluate the needs of the users to take steps for the acquisition of heavily demanded documents instead of borrowing those items time and again, thus saving a lot of time, money and energy.

#### **RIGHTS AND RESPONSIBILITIES OF LENDING LIBRARY: -**

1. The decision to loan materials is at the discretion of the lending library. It should give due consideration to the interest of its primary clientele.
2. If a document is not available for loan, the forms should be returned immediately with appropriate items filled up.
3. The lending library may postpone the lending to a later date or it can call back any document lent if required before the due date.
4. The lending library should acknowledge the receipt of the items returned by the Borrowing library as soon as it is received.
5. The lending library should inform immediately about the renewal or postponement of lending.
6. The lending library should waste no time in processing the requests and supplying the requested items to avoid delay.
7. The lending library should inform the borrowing library when unable to fill a request, stating the reason for not filling the request.
8. The lending library is responsible for the damage or loss done to the document.
9. The lending library must keep the statistics of Inter-library loan using a standard register designed for the purpose.
10. Periodical users survey should be conducted to assess the degree of use of the existing collection which will help to identify the less-used, frequently-used and non-used materials.

#### **VIOLATION OF THE CODE: -**

Continued violation of the code is to be considered a sufficient reason for suspension of borrowing facilities.
